

Child Counselor - In Office (Valpo)

Who We are

Family Concern Counseling is a group of professionals providing a wide range of counseling and clinical services. We assist adults, premarital and married couples, families, single parents, teens and children in all of life's challenges. Family Concern Counseling, in addition, provides psychological assessments and behavior-management services. We are a 501(c)3 nonprofit organization and currently provide services in the Northwest Indiana area via face-to-face and tele-mental health. Our central office is located in Valparaiso, with additional smaller offices in South Bend and Warsaw, Indiana. At FCC, we strive to offer consistent, high quality care and provide clients and staff with a safe and welcoming environment based on Christian love. To that end, we believe it is necessary that clinical staff have a vibrant and active faith. Our priority is to provide a work atmosphere that prioritizes wellness to maximize the benefit we provide to our clients.

Our Mission

Family Concern Counseling is committed to offering comfort and hope through counseling, consultation and education. These services are provided by professionally trained clinicians and educators who strive to integrate Biblical truth and principles of psychological health.

Job Description

We are looking for a fully licensed and enthusiastic child counselor to join our team. This position is based out of our Valparaiso office. As a faith-based counseling agency, it is imperative that each counselor has a personal relationship with Jesus Christ. We offer our counselors flexible work hours and a supportive team approach. Requirements for the position are to be licensed in Indiana and have a commitment to providing evidence-based treatments for children and adolescents in our community.

Job Types: Full-time

Education: Master's Degree from an accredited institution (Required)

Experience: Clinical Mental Health, 2 years (Preferred)

License: LMHC/LMHC-A/LCSW/LMFT in the state of Indiana (Required)

Specialization: Children and Adolescents (Required), Play Therapy Training (Preferred)
